

Why Dyke Yaxley?

Dyke Yaxley Chartered Accountants and Business Services are proof that not every accountancy firm is the same.

We have a dedicated team of over 80 staff, including nine directors, Chairman, four consultants and around 70 full and part-time employees, and we are renowned for our wide ranging high quality services.

Our philosophy is one of partnership with our clients, and we act as an integral link in their business, anticipating their needs and helping them to plan for their future prosperity and security.

Despite our name, we are more than just accountants, and offer a full spectrum of services you may not expect.

Our client base of 3,500 ranges from major national companies and organisations, to family companies, sole traders and private individuals.

A significant proportion of our new business comes from personal recommendation.

Couple this with our accreditation as Investors in People, and our success in becoming the first ever accountancy firm in the UK to achieve the coveted Investors in Excellence Award, it's clear that we are setting new standards in terms of service.

We are an innovative and forward-thinking firm, aiming for a bright and prosperous future for our clients and our organisation – try us out: we're so much more than accountants.

Agricultural Services

Dyke Yaxley has been dealing with rural businesses for over 85 years, and we recognise the pressure on the agricultural industry has never been greater.

We have developed our understanding of the specific issues faced by our agricultural clients, and whether you're a sole trader or a large private company, we can tailor our services to meet your needs.

We work with arable, dairy, beef and mixed enterprises, as well as contractors and other agricultural suppliers, in an area ranging from Shropshire and the surrounding counties, to Wales and the Highlands of Scotland.
