

Why Dyke Yaxley?

Dyke Yaxley Chartered Accountants and Business Services are proof that not every accountancy firm is the same.

We have a dedicated team of over 80 staff, including nine directors, Chairman, four consultants and around 70 full and part-time employees, and we are renowned for our wide ranging high quality services.

Our philosophy is one of partnership with our clients, and we act as an integral link in their business, anticipating their needs and helping them to plan for their future prosperity and security.

Despite our name, we are more than just accountants, and offer a full spectrum of services you may not expect.

Our client base of 3,500 ranges from major national companies and organisations, to family companies, sole traders and private individuals.

A significant proportion of our new business comes from personal recommendation.

Couple this with our accreditation as Investors in People, and our success in becoming the first ever accountancy firm in the UK to achieve the coveted Investors in Excellence Award, it's clear that we are setting new standards in terms of service.

We are an innovative and forward-thinking firm, aiming for a bright and prosperous future for our clients and our organisation – try us out: we're so much more than accountants.

MUCH MORE THAN ACCOUNTANTS

Medical Services

At Dyke Yaxley, we know that in an increasingly complex world, medical experts often find themselves in need of expert advice themselves, particularly in terms of accounting and financial advice.

This no longer means just annual accounts and Tax Returns, but a far broader range of issues.

We have been members of AISMA (the Association of Independent Specialist Medical Accountants) since 1998, and deal with GP practices of all sizes, as well as consultants, hospital doctors, registrars, locums, assistants, and dentists.
