

Indirect Tax Advisory Services

At Dyke Yaxley, we offer a range of advisory services to assist business ensure they are both compliant with relevant laws and keeping their indirect tax bills to a minimum.

DY

VAT Health Check

The most in-depth review we offer is a full VAT Health Check of your business.

We examine all relevant areas of VAT that affect your business and identify any VAT savings or issues that could arise in the event of a HMRC enquiry.

A VAT Health check is designed to give you piece of mind that your business is compliant in accordance with currently accepted practices. At the end of the Health Check, you are presented with a tailored report detailing any VAT issues identified and our recommended courses of action.

DY

VAT Return Review

We offer a service to review your VAT Return for completeness and accuracy before it is submitted to HMRC. We review common areas that often lead to issues when HMRC open an enquiry as well as any areas that are relevant to your business.

The purpose of the review is to provide you with reassurances that your VAT Return has been checked by a VAT specialist. If any issues are identified, we will advise you of what actions are needed to rectify these.

DY

Project Planning Services

Understanding the indirect tax implications in advance of a business project commencing is essential. Whether you are planning to develop a plot of land into residential properties or are intending to acquire another business, we can advise you on the tax implications of a proposed deal or structure and provide appropriate recommendations, potentially saving you large amounts of tax.

DY

Ad-Hoc Support

Some businesses may wish to have access to specialist VAT knowledge without the need to employ a full time specialist. We offer a pay as you go service for assisting with VAT queries, or alternatively you can spread the cost by paying a monthly retainer.

DY

Other Services

For Partially Exempt businesses or those that trade internationally, we offer bespoke services to provide advice and assistance in these complex areas.
